

**Biography**  
**Jeffrey M. Goodloe, MD, NRP, FACEP, FAEMS, LSSBB**

Dr. Jeffrey M. Goodloe serves as Chief Medical Officer for the EMS System for Metropolitan Oklahoma City and Tulsa, which comprises over 4,000 credentialed EMS professionals collectively answering over 225,000 911 medical calls per year.

This EMS system includes the Emergency Medical Services Authority (EMSA) providing ambulance response and transportation, the Oklahoma City Fire Department, the Tulsa Fire Department, a multitude of suburban fire departments, tactical medical support for multiple law enforcement agencies, and the American Airlines-Tulsa Maintenance and Engineering facility's Emergency Response Team. AA-Tulsa M&E is the world's largest commercial aviation maintenance facility, servicing nearly all the worldwide AA fleet. Dr. Goodloe also serves as the Medical Director and a tactical physician for the Oklahoma Highway Patrol's special operations teams, including the Tactical Team.

He began his multifaceted EMS career in 1988, working as a paramedic throughout undergraduate studies at Baylor University in Waco, Texas. Dr. Goodloe continued to work as a paramedic in metropolitan San Antonio as well as in suburban Houston during medical studies at The University of Texas Medical School at San Antonio, graduating as Doctor of Medicine in 1995. During medical school, he was appointed Instructor of EMS personnel (civilian and military), nurses, fellow medical students, and physicians at The University of Texas Health Science Center in San Antonio as well as at its counterpart in Houston.

He completed internship and residency in emergency medicine at Methodist Hospital of Indiana/Indiana University School of Medicine in 1998. During residency training, Dr. Goodloe served as national President for the Emergency Medicine Residents' Association.

Upon residency graduation, he helped create the EMS fellowship training program at The University of Texas Southwestern Medical Center at Dallas, serving as its inaugural fellow and as attending faculty in Parkland Memorial Hospital's emergency department.

Prior to being recruited as inaugural faculty in the University of Oklahoma School of Community Medicine's Department of Emergency Medicine and its residency training program in Tulsa in August of 2007, Dr. Goodloe served 8 years as EMS Medical Director for the Plano, Texas Fire Department while maintaining an active clinical practice at a suburban emergency department with its annual census exceeding 50,000 patient visits.

Since moving to his native Oklahoma in 2007, he has promoted to Professor and Section Chief of EMS in the Department of Emergency Medicine at The University of Oklahoma School of Community Medicine. He additionally serves the Department of Emergency Medicine as its Director of Faculty Development and is its lead faculty in championing further diversity and inclusion.

He became board-certified by the American Board of Emergency Medicine (ABEM) in 1999 and successfully recertified his status as ABEM Diplomate both in 2009 and again in 2019. Dr. Goodloe is one of the first 250 physicians within the United States to become subspecialty

board-certified in EMS Medicine by ABEM, including the first based in Oklahoma, and now serves as one of eight writers on the ABEM EMS Examination Sub-Board.

Dr. Goodloe is recognized as a Fellow of the American College of Emergency Physicians since 2002, serving in multiple leadership roles within the College since joining in 1991. His ACEP leadership roles have included Councillor, Member of the Council Steering Committee, Chair and/or Member of multiple Council Reference Committees, Chair and/or Member of the EMS Committee, and Member of the Bylaws Committee. Dr. Goodloe currently serves as a member of ACEP's Board of Directors.

He continues an active academic practice of emergency medicine, teaching EMS students, medical students, emergency medicine residents, rotating residents from specialties including family medicine, internal medicine, and obstetrics/gynecology, and pediatric emergency medicine fellows at Hillcrest Medical Center in Tulsa. He currently serves as the Immediate Past President of the Oklahoma College of Emergency Physicians.

He conducts EMS focused research, writes peer-reviewed, published manuscripts and textbook chapters, serves multiple international medical journals as an editorial board member and/or peer reviewer, and presents invited lectures at national and international medical conferences. His research includes process efficiencies in achieving clinical excellence, including projects earning him the Lean Six Sigma Green Belt and Black Belt designations.

All the above honors and privileges considered, Dr. Goodloe is most grateful to be of service to persons when they most need EMS and emergency medicine. He appreciates the incredible cadre of EMS professionals, emergency nurses, and emergency physicians that have been his teammates over his 30+ years in health care. He is a long-term, avid student of leadership, citing Zig Ziglar (his former Sunday School teacher at Prestonwood Baptist Church in Plano, Texas), Coach John C. Wooden, and Dr. John C. Maxwell among his role models.
