**3. Oklahoma City Fire Department Report – Chief Richard Kelley**

Report provided by Maj. Nikkel: 60 recruits will be starting the Fire Academy. OKCFD will be providing EMS services at the Oklahoma State Fair. EMS Refreshers are being offered to keep all personnel in compliance with training requirements. Operative IQ software will be utilized on apparatus equipment. MIH program related pharmaceuticals are in order status. Lt. Downs will be retiring in November, and he has been a notable part of leading the MIH programming in OKCFD to date. A third ambulance will be in service as soon as possible pending additional personnel.

**4. Tulsa Fire Department Report – Chief Michael Baker**

No report was given during this MCB meeting.

**5. EMSA President Report – Johna Easley**

No report was given during this MCB meeting.

**6. Chief Medical Officer/Associate Chief Medical Officer Reports**

Dr. Goodloe updated the MCB on activities completed by the OMD team in the interim since the July MCB meeting.

Dr. Goodloe updated the MCB on field administrations of low titer O+ whole blood in metropolitan OKC, now with over sixty in the first 19 months of the program, with all but three administrations (early in the program) meeting clinical criteria. This reflects a 94% case selection per clinical protocol. Implementation of field administration of low titer O+ whole blood in metropolitan Tulsa began on July 3<sup>rd</sup>, the date of the last MCB meeting and in the interim, there have been administrations, with all patients receiving blood appropriately transported to either Saint Francis Hospital or St. John Medical Center.

Dr. Goodloe also updated the MCB on recent additional data continuing to support utilization of BLS ambulances for 911 response, with desirable performance in the three variables of key interest: return to hospital red lights and sirens, ALS ambulance assist
