An employee must have full or part-time permanent status and have completed six months of service before being eligible to expend vacation leave, except under provisions of the MCB/OMD sick leave policy. As set forth in FMLA provisions, accrued but unused vacation leave, along with other paid leave, must be used concurrently with FMLA leave.

Vacation leave must be approved in advance by the Medical Director(s) to promote the efficient ongoing operation of the MCB/OMD.

Vacation for full-time permanent employees is accrued following each calendar month of service as follows:

Vacation for permanent part-time employees is accrued following each calendar month of service as follows:

.04 hours accrued for each hour worked up to 65 hours per pay period. The maximum monthly accrual is 5.2 hours per month.

There is no progression in vacation hours accrual based on length of service for part-time permanent employees.

Service as a temporary employee shall not be used to determine vacation leave accrual.

The maximum amount of vacation leave that may be accrued by an employee is twice the amount that the employee may accrue in one calendar year. No additional vacation leave shall be credited to an employee who has reached the maximum amount.

Upon separation, an employee shall be paid for the unused portion accrued vacation leave if completed six (6) consecutive months of employment with MCB/OMD.
