Update 10 - COVID-19 – From Office of the Medical Director 22 MAR2020 1300

To All EMS Personnel in the EMS System for Metropolitan Oklahoma City & Tulsa

This IS a short communication. Please utilize the url below to watch and then share a very well-done video that explains complex pathology, immunology, clinical medicine, and public health concepts of the SARS-CoV-2 virus that causes COVID-19:

<https://youtu.be/BtN-goy9VOY>

The video reminds us that it's not big words and formal academic recitations that we, our patients and our communities need in times of confusing, concerning challenges. We need education that we can understand, use, and teach to others. I do not know the professionals that produced this video. I am grateful for their talents and energies put to this effort.

I hope this will help you, your families, your loved ones, your friends, and all of us to stay well while clearing though some of the fog of COVID-19 related information.

Stay strong. Stay healthy. Stay safe.

Dr. Goodloe
